- Food Industries

CNC Capacity

Turning: dia. 570 x 1000
Milling: Max 1020 x 630 x 570

Boring Capacity

Horizontal Boring Mills:
dia. 1300 x 900 under bridge

Vertical Boring Mills:
Max 2500 x 2500 x 2500

Conventional Capacity

Lathe Work max: dia. 980 x 6000
Milling: Max 560 x 1800

Gear Cutting

- Spur
- Helical
- Bevel
- Spline cutting
- Rack cutting

Fabrication

- Stainless
- Mild Steel
- Aluminium.

Saw Capacity

Powersaw dia. 500max
Automatic dia. 300 with feed and bar clamping

Welding

- Tig
- CO²
- Aluminium
- Stainless Steel
- Cast Iron

Laser Cutting

- Mild steel
- Stainless Steel
- Aluminium
- Engineering Plastics
- Wood

Pressing

200 ton press

Profile Cutting

Mild Steel 300mm

Plasma Cutting

Stainless Steel & Mild Steel

Water Jet

All Materials

Wheel Adapters

- PCD Change
- Beetle Adapters
- Special Requests Available
- Kia Truck (wheel modification)
Large range ex stock
